## NEWS OF THE STATE.

### Brief Items Culled From the Pa-pers on Our Exchange Table.

It is commonly rumored that a new paper will be started in Lovelock with **O. D. Van Duzer** as promoter and one of the principles.

More railroad people arrived yester-day and everybody wondered what was going to drop.—*Appeal.*

In the recent examination in the school at Berkeley, **Miss Viola Case** of Paradise, Nev., carried off the honors of the class with an average of 99 per cent.

Negotiations are pending by which, if satisfactory to both parties, **John Hill**, former commissary at the State prison, will succeed **Robert Grimmon** as lessee of the Arlington House at Carson.

### One Good Crop Anyhow.

From the best data obtainable it is thought the Humboldt river in this valley will be dry early in May. Our ranchers will get plenty of water for their first crop of alfalfa and are as-sured a big price. Then the rest of the summer they can talk up storage reservoirs.—*Lovelock Tribune.*

### Suit Decided.

Judge Talbot Monday evening de-cided the case of **E. A. Stauffer** vs. the First National bank in favor of the plaintiff, says the *Silver State.*

The suit was to compel the bank to pay over to the plaintiff \$11,000, which was deposited with it by the late **P. Stauffer.**

It is reported that a strike of coal has been made at Rock Creek, twenty miles from Dawson up the Klondike.

## MINES AND MINING

### Items About Nevada's Leading Industry Clipped From Exchanges.

Ore shipments from Eureka last week aggregated 144 tons.

Tributors are obtaining \$100 ore from the Leocompton mine near Nevada City Cal.

The Clementina mine near Good Springs, Lincoln county, has been bonded for \$50,000.

The Kinkead mill began crushing Con. Cal. & Va. high-grade ore at Virginia Sunday.

Manager Marx of the Ely mining company, at Ely, White Pine county, has definitely decided to build a new mill.

Harry Fothergill writes to a friend in Carson from Cape Nome, saying that he would not advise anybody to come up to that country, as it is no place for a man—hard living and poor health.

### Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. **George D. Williams**, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully im-proved and able to do her own work." This supreme remedy for female dis-eases quickly cures nervousness, sleep-lessness, melancholy, headache, back-ache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50cots Sold by **S. J. Hodgkinson Druggist.**

A LATE EVIDENCE OF PROGRESS.

The latest nonsense that is receiving public attention is a statement made by an imperialist idiot in Chicago that the poor have no right to marry; that families by the poor who have not the means to support them is a wrong that should be prohibited.

It is just to the average man that the statement be assigned to where it belongs as a work of a small brutalized mind. Had the declaration been made by a Chicago pig-sticker it would not have been noticed, but when it comes from an imperialist it is given to the world as an evidence of progress.

### ITEMS FROM SIERRA VALLEY.

**Brief Mention of the People and Events of That Prosperous Community.**

Mr. and Mrs. E. Romelli rejoice in the birth of a daughter.

W. L. Moffatt is expected back from Honolulu in a few days.

A. Bergeret and G. Canonica spent Monday and Tuesday in Reno.

Miss Sevilla Guidici has arrived from Switzerland on a visit to her brother.

A niece of Mrs. Antone Laffranchini has arrived from Switzerland on a visit.

R. A. Moncore of the Constantia ranch in Long Valley spent Sunday in Vinton.

E. J. Goble arrived several days ago from an extended tour of southern California.

L. T. Stephenson is making larger shipments of wood to Reno, Carson and Virginia.

Nearly all the Indians in the valley have struck out for Honey Lake on a fishing expedition.

Ground is being broken in all parts of Sierra Valley. It is estimated that over 900 additional acres are being put under cultivation this year.

The hills around Sierra Valley are almost denuded of snow. There will be a shortage of water in the upper end of the valley. The farmers on the Plumas side of the line have better prospects.

### GOEBEL'S ASSASSIN WILL BE DISCOVERED.

It is possible from discoveries made that the slayer of Governor Goebel may be discovered and punished. There are circumstances that lead to a conclusion that the killing was a result of a plan prepared and developed in detail closing at and about the scene of the murder. The State has succeeded in procuring confessions from some of the conspirators, the details of which are conclusive of a plan made to kill Goebel.

There was much feeling entertained by participating Republicans in the trouble at Frankfort when the legislature convened, and a manifest tendency to disregard law and its forms, which tendency to disregard law culminated in the killing of Goebel. It has been discovered by the developments made that some of the most lawless men in the State were engaged in the work at Frankfort brought about by the action of Taylor while acting governor of the State, which does not have the appearance of honest intention by a man whose claim to the governorship had its support in the bona fide action of the people of Kentucky.

The State will be equal to the necessity there is upon it to maintain order and enforce law, which will be a crown of glory to the State by proving in these times the solidity of republican institutions under republican government. The law abiding men of the State have given evidence by their action of their stability, under the direction of good judgment, which are the chief assurances of ability to direct and govern.

The lawless succeed when law and order are set aside through lawless proceedings, which success is always a result of force and intimidation for a time; but the law abiding element in society in governing communities are more than equal to any emergency that lawless force may bring upon the peace of the State.

## BAY CITY QUARANTINED.

### Three Cases of the Plague Prove Fatal in San Francisco's Chinatown.

Special to the JOURNAL.

SAN FRANCISCO, March 21.—The Health Officers of this city and the entire Chinese quarter is in a state of great commotion owing to the discovery since last Sunday of three more new cases of Bubonic Plague, all of which were fatal. Dr. Keynon, Federal Quarantine Officer and the local Health Inspector, after a thorough examination of the germs from the dead bodies, declare that there is not the least doubt that these Chinese died of the Bubonic plague.

Chinatown is white with chloride of lime as a result and none of the Celestials are allowed to leave their quarters.

Inspectors are on guard at all railway depots, on highways leading to the city, and at all steamship docks. A rigid house-to-house inspection is in progress.

## The Boers Confident.

Special to the JOURNAL.

KROONSTAADT, Orange Free State, March 21.—Pretoria Federal commanders are here and were addressed yesterday by Presidents Kruger and Steyn.

Kruger aroused intense enthusiasm among the burghers. He told them that the fighting had just begun and that the war would only end with the total independence of the Republics.

He said England had left no choice for the Dutch but to fight, and the Burghers were ready.

Steyn said that the Burghers had lost only 1,000 killed since the war began and were in a better fighting trim now than ever before.

LONDON, March 22, 4:20 a. m.—It has become known that several cablegrams have passed between President Kruger and the British government in addition to those that have been published.

The government refuses to make these communications public.

Lord Roberts is taking steps to insure safety in the forwarding of his communications before starting for Pretoria.

Generals Gateacre and Bradbant are going through the southern district scattering or accepting the surrender of Boers while Roberts is making preparations for his next great move.

Lord Methune's movements north of Kimberly are believed to be a prelude to gathering a column of 20,000 men, with Kimberly as a base, to strike into the Transvaal.

## Reno Forger Caught

Special to the JOURNAL.

SACRAMENTO, March 21.—A man giving the name of Updike was arrested here today upon a warrant sworn out in Reno charging him with forgery.

[Updike was in Reno for several days and posed as a slot machine agent. He succeeded in securing an order from Otto Hartung, who made a payment of \$100. After waiting in vain for several days for the machine, Mr. Hartung suspected a swindle and swore to the warrant. An officer left for Sacramento last night and is expected to return with Updike this evening.]

**Lost on the Benefit.**

The Methodist church fund lost money on the benefit given here by the Greater America Company. It was at first thought the affair was a financial success, but on figuring up expenses it was found the church was out seven dollars.

**Died in Seattle.**

The sad intelligence was received in Reno yesterday of the death of Miss Bessie Jones at Seattle. The young lady formerly resided in Reno, where she had many friends.

**Improvement Club Committee on Commerce and Manufacture Makes Recommendations.**

Below there is given extracts taken from a report made by the committee on commerce and manufactures to the Reno Improvement Club. The report was prepared and written by R. L. Fulton, and contains much valuable information respecting our present and prospective material and business development:

"Prices for beef, pork and mutton continue high, and the market for hay, grain, fruit, vegetables, etc., seems certain to be fair. The revival of the mining interest in this and adjacent counties promises to add to the general prosperity for years to come. There is likely to be a good deal of building in Reno during the coming season. The new paper mill at Floriston will start up within the next ninety days and give employment to a couple of hundred men. It is contracting for half a million more brick. The president of that company spent two days here last week trying to buy, but could not find a supply. It will be worth some one's while to start a factory for machine made brick in Reno, if there continues to be such a demand. The paper mill people show a disposition to favor Reno over every other place. They do their banking here and draw their supplies and workmen from here, so far as they can do so."

A public building for Reno is mentioned as a necessity to meet the demands of public business, and conclusive reasons are given in support of business requirements.

The business interests of Plumas in connection with its wood and lumber and other matters are fully set forth in a detailed and clear manner.

The report sets forth the fact that Reno is in need of a first class hotel, and states facts respecting a probable construction of such a hotel in the near future.

It mentions the construction of an additional railroad in Washoe county in the near future by the Verdi Mill Company to accommodate the demands of its business which is more than horse wagons can do. The Reno Reduction works are given a place among the growing enterprises of Washoe.

"The Truckee drains 1,100 square miles of mountains in the greatest region of snow fall on the globe, and yet it goes dry nearly every Autumn. There are abundant opportunities for storing its flood waters in the mountains but they have not been used as yet and we have the mortification of seeing the river roaring by in spring and our fields drying up one year out of three or four in August. The erection of dams in any one of half a dozen places would forever protect this valley against drouth, and would not only make money for everybody but would add greatly to the health, comfort and pleasure of the people.

"Taking all things into consideration the year 1900 promises to be one of great prosperity for Reno. The whole State of Nevada is prosperous far beyond any hope entertained by her citizens a year or two ago."

**One Escape Captured.**

The Carson News of last evening contained the following:

Ramsay, one of the prisoners who escaped from the penitentiary yesterday, was captured this morning near the place where he made the break for liberty, having doubled back on his trail. Collins, the other escapee, is still at large, but is located near the Mound House. Two officers are hot on his trail, and he will doubtless be returned to the prison this afternoon.

**Another Kick.**

For about two hours early last evening the electric lights on Commercial Row were not in working order. As a consequence considerable complaint was heard. It was thought that when the new machinery was in working order these troubles would cease, but such does not seem to be the case.

**A Hustling Drummer.**

C. S. Halifax, the Nevada traveling representative of the well known manufacturing chemists of Sacramento, Wilson, Hall & Co., spent a few days in Reno. Mr. Halifax reports sales heavy throughout the State, which is a sure indication that money is easy.

**To Improve His Stock.**

Hon. J. B. Gallagher yesterday purchased two graded Herefords and a Shorthorn, which he shipped to his farm in Mason Valley. Mr. Gallagher has great faith in this breed of cattle, and hopes to materially improve his stock by their addition.

**J. B. Schweitzer Profits By the Demise of a Rich Uncle in India.**

One of the happiest men in Reno today is J. B. Schweitzer. Yesterday morning's mail brought him the glad tidings that he had fallen heir to \$500,000.

A rich uncle in India, whom Mr. Schweitzer had not seen in twenty years, died in that far off country two months ago and bequeathed all his earthly possessions to his nephew. Mr. Schweitzer will leave for San Francisco as soon as he can arrange his affairs in Reno.

After receiving instructions from his lawyers in the bay city he will proceed to India and take possession of his newly acquired riches.

When seen by a reporter last evening the fortunate young gentleman showed not the least sign of the "big head" supposed to be an accompaniment to riches. On the contrary, he was quite reticent, but freely answered all questions asked him.

"Do you intend returning to Reno, Mr. Schweitzer?"

"As soon as I am can arrange my interests in India, which I think will require about three months' time, I will return to Reno and reside permanently. I think the Riverside city is the most hospitable place on the Pacific Coast—I speak of the people."

Mr. Schweitzer has been connected with the Riverside studio for about two years, and during his stay in Reno has made many acquaintances all of whom will be glad to hear of his good fortune.

**Having a Great Run on Chamberlain's Cough Remedy.**

Manager Martin, of the Person drug store, informs us that he is having a great run on Chamberlain's Cough Remedy. He sells five bottles of that medicine to one of any other kind and it gives great satisfaction. In these days of la grippe there is nothing like Chamberlain's Cough Remedy to stop the cough, heal up the sore throat and lungs and give relief within a very short time. The sales are growing, and all who try it are pleased with its prompt action.—South Chicago Daily Calumet. For sale by Wm. Pinniger.

**O'Keefe's "Silver State" Sick.**

The well known race mare, Silver State, has been sick the past few days, and every effort has been made to save the mare's life. At a late hour last night it was thought the animal would recover.

This horse has won a good sized fortune during her career on the turf, and is conceded to be the fastest running mare in Nevada.

**The Baptist Revival.**

The first of the series of revival meetings, at the Baptist church in charge of Rev. Boyd, was well attended last evening. Much interest was manifested throughout. The stereopticon views illustrating "The Parable of the Sower" were excellent. Services will be held this afternoon at 2:30 and again in the evening. All are cordially invited.

"On the Suwanee River" is a story of Florida life told in a straightforward, simple manner, showing men and women of as strong and quaint characters as any the stage has presented. The State of Nevada sends to M. S. Cleveland, Esq.,  
You are hereby required to appear in an action commenced against you as defendant by Frank B. Horn as plaintiff in the Second Judicial District Court of the State of Nevada, in and for the County of Washoe, and answer the complaint therein within ten days after the service of you of this summons, exclusive of the day of service, if served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint.  
The action is brought to recover the judgment and decree of said court re-forming a certain deed, and the execution thereof, made and delivered by said defendant to the plaintiff on or about the month of January, 1894, conveying to plaintiff certain land in Township 30 N., R. 19 E., in Washoe county, described in plaintiff's complaint, and to quiet plaintiff's title to said land, and remove a cloud from plaintiff's title thereto; and for general relief.
